Working Newspapermen

New Dean Rises

releases dated May 28, carried a brief story of the life of the "Dean of working newspapermen".

story, which was headlined "Paris Editor Dies", stated, "A. W. Neville, 91, a member of the staff of the Paris News almost 54 years and dean of working newspapermen, died today."

The Anvil Herald is interested in knowing to whom this title — "Dean of working newspapermen" — now belongs. We are a possible solution to the problem.

the man we have in mind is his first essay printed through the Atlanta Constitution's Children's Page. It was a boyish effort written in the latter part of 1905, when he was about 16 years of age.

gave him enough courage to attempt the reporting of community news to local papers. He was the chief subject of newspaper writers in the 1920's, and, our nominee, he was old enough to vote, and himself writing controversial political articles — and, he does when the occasion arises.

GEORGE BRUCKS makes with the carbon dioxide, in an effort to extinguish a fogging machine fire last Friday morning. The sprayer belonged to the city and was in operation at the time the fire started. Catarino Jimenez and Pedro Oezuna, workers in the Street Department, were operating the machine at the time.

Tax Deadline Near

City Secretary O. L. Moss will begin to prepare the delinquent tax role Sept. 1. Taxes go delinquent after Aug. 31.

A six per cent interest and eight per cent tax penalty will be added if the taxes are not paid by the final deadline.

The city is doing quite a bit of paving lately — but, according to the City Council, some persons may be left out. To get a street paved, private citizens, on both sides of the street, must pay 32 cents per running foot. The city pays for the remaining one-third and also for intersections. Price of paving is 96 cents per running foot, 20 feet wide. The city's one-third lies in the middle of the road.

Streets are paved by the block, since contractors do not want to work on anything less. Paving was started in the city Thursday, by Wilton Spangler, Avenue Y is now being paved and some paving will be done at the intersection of 22nd Street and Ave. R. Ave. X will not be paved at the present time.

Private driveways will be paved individually — anyone wanting

a driveway paved must pay for it all.

So far, the city has not collected enough money to pave streets, other than Ave. Y. The money has to be paid before paving is done.

Frank Vance, city attorney, is now in the process of drawing up an ordinance for adding additional stop signs around town. Moss and police chief O. W. Swartzell have made a thorough study of all intersections in Hondo and have chosen sites for 100 signs. The ordinance will be ready when the Council meets next Thursday night.

Meeting last week, the Council decided to leave the present 4,

300 gallon gasoline storage ordinance in effect. A service station owner had requested additional storage space in the previous meeting.

The Council decided that all buildings will be inspected before any public utility is turned on. This will affect only new building permits and not buildings now being completed. The only exception to this rule will be the new public school building — it will receive an inspection.

Independent Candidates Can File

A ny independent candidate wanting to file for the November elections must sign non-subversive oaths and present them to A. H. Rothe, County Judge, before Aug. 15.

Offices open for independent filing include commissioner, precinct one and three, sheriff, county attorney, tax assessor, public weigher and constable.

Candidates must have a petition, signed by three per cent of the voters in his precinct or county, depending on the office he applies for. A notary public must notarize the petition and it must be presented to the County Judge at the same time the oath is signed. For example, a person wanting to run for commissioner would have to have three per cent of the voters in his precinct signed on petition before he could sign-up for the November elections. A county officer would have to have three per cent of the county voters signed on petition.

Another form to be filled out may be obtained from the county clerk's office. It reads, "I, (name), candidate for the office of (office) in and for Medina County, Texas, do hereby give my consent to have my name placed upon the official ballot, as an independent candidate for said office, and request that my name be placed upon said official ballot, at the General Election to be held on Nov. 6, 1956."

Two Local Boys Given State Farmer Degree

Two Hondo FFA boys were awarded State Farmer Degrees at the 28th Annual Texas FFA Convention in Dallas Thursday night.

Donnie Neumann and Arlen Graff were two of the 716 boys over the State that were awarded this highest State Honor.

Three qualifications for this honor are:

1. Have a supervised Farming Program showing a net profit of \$500 for the four years in high school.
2. Show a satisfactory record in leadership activities in FFA work, in other school and community organizations.
3. Have \$500 or more productively invested in farming enterprises.

Donnie and Arlen make the 21st and 22nd Hondo FFA boys to receive this honor since the chapter was organized 20 years ago by C. D. Sadler. Both boys are recent graduates of Hondo

Oil News

Fifteen New Wells For Area

By Dick Tatum

Fifteen new wells have been staked for future drilling in Medina County's Taylor-Ina field as wholesale drilling on the Kurt Scharf and D. M. Wilson land resulted in successful Navarro Sand producers.

Only one wildcat was reported as a duster last week. A 1,105-foot effort by Neal D. Terry Trustee on the A. H. Bendele land, 10 miles S. E. of Hondo, was successful.

In the Taylor-Ina field, B & G Drilling Co., J. E. Hutchins and Sam Hattaway have located two wells on the R. R. Haass land, 10 miles S. E. of Hondo. Both are slated for 1,500-foot depths.

Three wells have been staked by Bab Oil Co. — all 1,000-foot test efforts — on the J. N. Wilson land, eight miles south of Hondo. Nine and one half miles S. E. of Hondo, Flato & Bates have staked three 1,800-foot test wells on land owned by G. Hermann, A. Wright and V. H. Neuman.

Meanwhile, H. J. Griffith is planning to drill three 1,000-foot test wells on W. B. Melton's land 12 miles south of Hondo. Another new Taylor-Ina well will be a 1,500-foot test effort on Floyd J. Griffin's land 10 miles S. E. of Hondo by Clyde A. Maley. A 1,000-foot test well is slated for Frank Hartman's land 10 miles south of town by James E. Mills.

South States Oil & Gas Co. has staked its No. 3 well on the J. N. Wilson property. It, too, will be a 1,000-foot tester, 14 miles S. E. of Hondo.

Two shallow wells are planned for the Chicon Lake field. G & B Drilling Co. has staked a 500-foot test effort on A. B. Peikert's land and G & W Oil Co. has staked a 650-foot tester on Joseph Lamons's land. They are four and five miles respectively from LaCoste.

First official completion reports were released last week on 11 wells completed by R. B. Wherry and C. A. Green on the Kurt Scharf land, eight miles south of Hondo, in the Taylor-Ina field.

All wells were drilled to depths from 800-feet and 950-feet and are producing between nine and 10.3 bbls. of gravity 21 oil daily from Navarro Sand. The wells were tested the second week in July.

Nine wells completed by Wherry & Green on D. M. Wilson's land, eight miles south of Hondo, show similar production. These were drilled between 910-feet and 970-feet into the Navarro and are producing gravity 21 oil with an average of 10 bbls. daily per well.

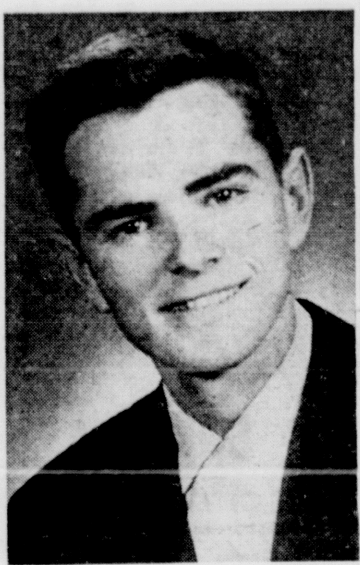

On O. K. Schmidt's land, nine miles S. E. of Hondo, Davis & Schmidt Drilling & Producing Co. found Navarro Sand production between 937-feet and 970-feet. The well is producing six bbls. A Chicon Lake producer is John J. Pichinson's Navarro Sand well, 17 miles S. E. of Hondo, on the J. E. Smith Jr. land. He is getting 8.5 bbls. daily of gravity 21 oil.

Two Local Boys Given State Farmer Degree

High School and plan to make part-time farming their business in later years. At present Arlen is working in a grocery store and Donnie is working at the swimming pool. Donnie plans to enter Texas A&M College in September and study Engineering. Arlen hopes to own his own grocery business in later life.

Besides Neumann and Graff, five other boys made the trip to Dallas for the convention with advisor John McAnelly. Bobby Taylor was the official voting delegate for the Hondo Chapter of the FFA. Other members attending were George Koch, Charles Tilley, Tommy Zuberbuehler, and Clyde Bohmfalk, Area VII FFA vice-president.

Other Medina County boys receiving the State Farmer Degrees were Kenneth Bendele of Castroville; David K. Williams and Darrell Jay Del of Devine; James Biediger, Jr. and Jerome Lester Hitzfelder of LaCoste; J. Othel Batto and Joe Langfeld of D'Hanis.

JIMMY WHITT, Director of the Summer Youth Program at the First Baptist Church, will conduct services at the Youth Revival Aug. 8-12. The theme of the revival will be "God's Will Mine." Jimmy's home is in Cleburne, and he is a Junior at Texas Tech. From here, he goes to Glorieta, New Mexico, before returning to Lubbock.

JAMES BARBER, Colorado City, senior at Texas Tech in Lubbock, will lead the singing at the Youth Revival at the First Baptist Church, Aug. 8 through 12.

Teacher Shortage

With the opening of public schools a month and a half away, critical shortages of teachers exist, particularly in high schools.

Hondo is short one first grade teacher, one fourth grade teacher, two sixth grade teachers and one reading teacher for the seventh and eighth grades.

Hondo has approximately 40 teachers — and five of these positions are vacant.

According to the Texas State Teachers Association, 7,615 teaching positions are open with only 1,310 teachers available to fill them. This means almost six openings for every teacher wanting a job.

At the present time, the demand is greatest for teachers of science, mathematics, English, music, home economics, physical education and commercial subjects. On the other hand, supply has exceeded demand for such

Hondo CD Will Meet Next Friday

Hondo's Civil Defense will hold a meeting Friday, Aug. 10, at the Medina County Courthouse, starting at 7:30 p.m., according to Mrs. Lillian G. Brucks, CD coordinator.

Dan O'Connell, county CD coordinator, and Mrs. Brucks have invited all presidents of civic organizations, or their representatives to be present. Other interested persons are also invited to attend the meeting.

Crawford Wins DA; Daniel Takes First

Medina County citizens cast approximately 2,391 votes in the Democratic Primary last Saturday.

Price Daniel was the leading choice for governor, with 1,320 votes cast in his favor. W. Lee O'Daniel came in for second place with 552 votes and Ralph Yarborough was third with 430 votes. Other candidates and their votes were J. J. Holmes, 33; Reuben Senterfitt, 33; and J. Evetts Haley, 23.

R. S. (Bob) Crawford came out on top of the district attorney race against Francis C. Richter. Crawford polled 3,604 votes from Medina and Uvalde Counties while Richter managed to gain 2,253 from the same two counties.

H. O. Niemeyer became State Representative elect, with 1,112 votes from Medina County and 3,053 votes in the four-county area. Jack Richards on took second place with 672 votes in this county and 2,649 in the district. Others were Fred P. Turner, 1,910; and John W. Flanagan, 768.

In other races, Ben Ramsey polled 1,219 votes for lieutenant governor while others were A. M. Aikin Jr., 451; C. T. Johnson, 232; and John Lee Smith, 226. Will Wilson won Medina County's favor for attorney general and received 1,409 votes Saturday. Tom Moore polled 430, Ross Carlton, 84, and Curtis E. Hill, 96.

Meade F. Griffin, unopposed, won the nomination for associate justice of the Supreme Court, place one. Robert Calvert, also unopposed, won the nomination for the same position in place two.

For associate justice of the Supreme Court, place three, James R. Norvell took first place with 1,471 votes. Robert G. Hughes received 580. William J. Murray Jr., unopposed in his bid for railroad commissioner, won the nomination and Robert S. Calvert, unopposed for comptroller of public accounts, was also nominated.

Jesse James, running for reelection as state treasurer, carried Medina County by almost a two to one vote. He received 1,347 votes while Warren G. Harding received 788. Earl Rudder carried first place for commissioner of the General Land Office, with 1,315 votes. Ned Price polled 764.

John C. White came out on top of the race for commissioner of agriculture, with 1,473 votes cast in his favor. Jim Barber was second with 407 and Bill Jones, third, with 260.

Martin Dies polled 1,681 votes to take the congressman-at-large race from Bill Elkins, who received 438 votes. Jack Pope, Joe M. Kilgore and Paul G. Greenwood, all unopposed for their offices, were nominated.

James R. Duncan received 2,039 votes, making him the county chairman of the Democratic Party. Edward Bohl received six votes for Democratic chairman, Precinct 15, and Herman N. Fohn received Democratic Chairman, Precinct 7, on eight votes.

Referendum voting was as follows: Number one, for 1,252; against, 598. Number two, for 1,355; against, 475. Number three, for 1,200; against, 485.

These tabulations are unofficial and are for Medina County alone, unless otherwise stated.

Almost 4,000 teachers were completely lost from the profession last year. Professional school personnel employed last year totaled 70,970, an increase of 3,487 over the previous year. At the same time, the scholastic population increase was 80,484, or 25 for each additional person employed.

Hondo FLA Re-Elects Two Directors July 28

Two directors were re-elected and one new member was added to the Loan Committee at the annual meeting of the stockholders of the National Farm Loan Association of Hondo July 28.

A. J. Hardt of Yancey and Charles Suehs of Castroville were re-elected to 3-year terms on the NFLA Board of Directors, while Buford L. Wilson, Yancey, was elected an alternate member of the loan committee.

More than 106 members and guests of the National Farm Loan Association attended the Saturday night meeting, which was held in the Hondo High School Cafeteria. Those attending were feted to a barbecue supper and afterwards gathered for the business meeting.

Guest speaker V. N. Johnson, vice-president and treasurer of the Federal Land Bank of Houston, spoke on the future of agriculture and the history of farm credit. James P. Yates, regional manager of The Federal Land Bank, was among the many guests of the local association. James Amberson, Hondo, is president of the National Farm

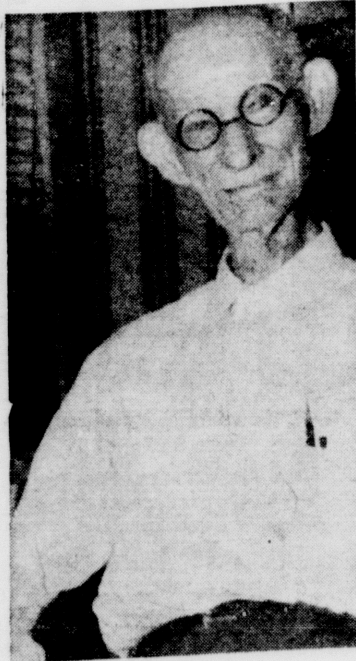

Hondo's newest addition to the public school system, the Elementary school, will be ready for occupancy around Feb. 1, according to J. G. Barry, school superintendent. The new building will cost approximately \$268,000 and will have thermostatically controlled heat. New vented gas stoves will be installed in the old elementary building for the coming year.

Loan Association of Hondo. A. J. Hardt is vice-president and Wayne L. Sigler, secretary-treasurer. Don De Joirno of Dunlay and Eugene H. Bendele, Devine, are other members of the Board of Directors.

The amount of money loaned out by the local association has almost doubled since its first year of operation — 1954. In 1954, the NFLA serviced loans amounting to \$757,581. In 1955 the total jumped to \$971,156 and in 1956 the amount was \$1,238,431 at the end of June.

"As long as the association has been in operation, we've never had to take over a farm or ranch in Medina County," said Wayne Sigler, secretary-treasurer of the Hondo association. It's a record we're proud of."

Sigler also listed some of the advantages of NFLA loans to farm and ranch people. Among these are low cost, long terms, right to pay on or before without penalty of restrictions and a liberal prepayment plan. "Another record that we're proud of here in Medina County is that our delinquent loans are practically nil," states Sigler.

## Chamber of Commerce Offers Citizens Package

The Hondo Chamber of Commerce offers a package — a package of many services to the people of Hondo and Medina County all wrapped up into one. A challenge to business in our county area is to pitch in and help Hondo and Medina County grow.

No city can live off its own fat! Your Chamber of Commerce is on the job through its thirteen divisions or committees plus the following general services:

1. Answers your mail — replying to hundreds of inquiries and requests for information about Hondo and Medina County.

2. It is your spokesman — through your Chamber of Commerce, opinions and answers are given to the many varied projects and plans that make up the every day life of business.

3. Your good will salesman — your Chamber of Commerce calls on your neighbors, helping with celebrations, etc., because they are good neighbors and appreciate the friendly business that comes to Hondo.

4. Your mobilized force — your chamber of Commerce is ready and able to mobilize the money, time and effort to meet situations that may arise.

5. Dozens of odds and ends — your Chamber of Commerce handles a multitude of telephone calls and hundreds of letters. This is all your business and if it is of particular interest to you, the call or mail is referred to you.

Plus many other services that you cannot buy elsewhere!

The Chamber of Commerce secretary has asked us to remind all those who signed pledge cards and have not made their contributions, to do so as soon as possible. Funds are running low and there is a lot of work and expenses ahead for the remainder of 1956.

Every man with a stake in this community has a stake in the Chamber of Commerce — you don't buy membership in the Chamber of Commerce—you buy cooperation of the most able businessmen of the town!

## To Voters of 79th District

I take this medium of thanking each of you voters in this district for the support and confidence you placed in me in the Saturday election. I thank all of you for giving me the leading vote.

Your support in the run-off election on Aug. 25 will be appreciated.

CULLS SOME INTERESTING FACTS  
FROM THE EL PASO TIMES  
ANNIVERSARY EDITION

## A PEEP AT SOME EVENTS OF THE LAST HUNDRED YEARS

We are indebted to Mrs. Alex L. Haby for the loan of a copy of the El Paso Times' Diamond Jubilee edition.

The issue bears date of Sunday, April 29, 1956, boasts of 240 pages in 15 sections, and bears the serial notation of "76th, No. 120".

That means the paper began "away back yonder" and has "come a far ways" down the years from its beginning to the present.

The event was regarded of such interest that both President Eisenhower and Governor Shivers wired their congratulations, and the paper acknowledges their receipt with facsimile reproductions of both on the front page.

Don't make the mistake of imagining that this columnist has read it from "kiver to kiver", as the expression goes; for we haven't.

But we are prepared to say that, from a mechanical standpoint, it is a masterly success in the art of newspaper making.

And its contents, in current news events, its record of historical events over the years it has seen pass, and its survey of the social, business and economical development of its area leaves little else that might need be desired or expected.

We could fill our allotted space many times over with quotations that would be interesting to Anvil Herald readers; but that, obviously, is inexpedient and we will content ourselves with only brief reference to four historic events that will always be interesting in review.

—FD—

Those of us who have learned chiefly from tales of old-timers about the Jefferson Davis failure to make a success of his importation of camels into Texas from Egypt in the 1850's, are apt to think that the whole drama (or should we say tragedy) had its beginning and ending at and around Camp Verde, where the camels were first "inducted into the army" after having been landed, after their voyage from Turkey, to Indianola, on the gulf coast, and driven over-land to that pioneer army post in 1856.

Tales by the old-timers of seeing the abandoned and forlorn creatures rambling, unwanted and untended, on the wild ranges adjacent to that Post until the last of them died, is probably the reason for this mistaken conclusion.

A nearly three column story of the camel experiment surprised us by disclosing that the ungainly animals proved their adaptability by traveling the Texas desert, and made their first appearance in El Paso on July 26, 1857.

From there they traveled on to Albuquerque, New Mexico, by Aug. 19th of the same year, and

moved on to Los Angeles, California, later.

The coming on of the civil war caused the experiment to be abandoned, and those animals not sold to circuses were turned loose to shift for themselves on the range; here they failed to thrive although it was as late as 1909 when the last one died in Arizona.

—FD—

In a half-page on "Southern Pacific Came to Southwest In 1881, opened New Areas", a story that reads almost like a fairy tale is told of railroad building in America during the last half of the last century. By a strange coincidence, the Southern Pacific reached El Paso the same year it reached Hondo, 1881. But particularly the Southern Pacific was a road built from the north, southward through California, reaching El Paso about that year, while it was not the Southern Pacific, per se, but the G. H. & S. A. that reached Hondo. Sometime later a consolidation of different roads under one management brought them together under the Southern Pacific System. Big men with big money were playing a big game that brought results beyond their wildest dreams and worked a transformation in our country in many different ways.

—FD—

When this columnist first arrived in San Antonio on September 4, 1895, three days and two nights travel from his boyhood home in Mississippi, otherwise idle tongues were still wagging over the killing in El Paso on the night of August 19, 1895, of Texas' most noted outlaw, John Wesley Hardin. In 1915 or '16, while visiting a small town southeast of San Antonio some miles, a man was pointed out to this writer as a son, or grand-son of the dead outlaw.

John Wesley Hardin was a product of the peculiar times in which he lived. Too young to be in the civil war, he grew into manhood status immediately after its close when times were wild and life was cheap. Quick on the trigger a quarrel generally meant a killing. Circumstances seemed to favor him for a long time, but finally he fell into the clutches of the law and spent some 18 years in the Texas penitentiary. Here he must have written his life story — for he would never have found time elsewhere to do it — in which he tells frankly, and in straight forward language, of many of his bloody escapades. Pardoned, and free again, he never gave up his passion for gambling nor could he live down his reputation as a killer. On the night mentioned, while shooting dice with another gambler in an El Paso saloon, a local constable, John Selman, about whom Hardin was supposed to have made certain threats or disparaging remarks, walked into the saloon, shot Hardin "through the back of the head", the bullet coming

# HD Club Meeting In Devine

By Don Lawrence

The Devine Home Demonstration Club met Friday morning at the home of Mrs. Thomas Young. The meeting opened with Mrs. D. G. Odum presiding. The members repeated the club creed and answered the roll call, by giving their favorite salad recipes.

The county Home Demonstration Council meeting will be held July 30 at 2 p. m. at the Baptist Educational Building. The Devine Club will be host.

There will be no club meeting in August, but there will be a family social night which will be held at the home of Mrs. D. G. Odum, Saturday night, August 18. Ice cream and cake will be served.

The food demonstration was given by Gladys Sollock, after which a pot luck luncheon was enjoyed by the members.

The next meeting will be held Sept. 4, with Mrs. Wayne Clawson and Mrs. W. C. Brissenden as co-hostesses.

The Devine Fire Department met at the fire house last Monday night where they enjoyed a chicken and beef barbecue.

The firemen are watering the city live oak trees on their spare time. They also voted seven new men into the department as active firemen by August 27. They will have their full amount of 50 active members with a waiting list.

M&M Charles Garrett had as their guest, Mrs. Jack Garrett from Alaska. They are planning to move to Texas as soon as Mr. Garrett sells their home in Alaska.

Mrs. Ross McCulloch is visiting Mrs. Ruth Buckholtz in North Carolina, and also Billy in Virginia.

M&M Joy L. Tilley visited his brother, E. B. Tilley, and wife, who are remodeling their country home at Boerne.

M&M O. T. Baker and sons had as their guests last Sunday, Mr. Baker's father and mother, M&M L. B. Baker, Center; M&M Brooks Baker and children La-Marque; M&M H. O. Allen and children from Victoria; Dr. & Mrs. Bruce Berry, Crystal City; and Thomas Crocker and son from Pasadena.

Many descendants of the first Najvar family which immigrated to this country in 1870, gathered at St. Mary's in Hallettsville, Sunday July 15, for the first Najvar family reunion. Several families came a long distance, and many could not join them because of sickness or other unexpected events.

To start the day, a Holy Mass was offered by Father Psenick for the Najvar family, whose members helped build the parish to its present status.

The dinner was served in the Parish Hall. Tables were loaded with fried chicken, stewed chicken, steaming hot home-made sausage, salads and every thing the ladies of the family could think of. Every one departed, well pleased with the outing and wishing the day was longer, and to meet again for such a none forgetable day.

Mrs. Horecka, reports meeting and talking with relatives she hasn't seen in many, many years. Mrs. J. M. Horecka received word of the passing of her uncle, Anton Stiborek, last Monday.

M&M J. M. Horecka, Forrest, Donnie, Dorothy and Barbara, and Miss Alice Neuman left last week for Hallettsville to attend the Najvar reunion. They spent Saturday night with M&M Ignac Horecka, and Friday night with M&M Pete Capak and girls.

Donnie and Dorothy Horecka stayed at Hallettsville for several week's visit with relatives.

## NATURAL GAS fits into this picture

Plastics, nylon and the many other "wonder" materials play an important part in our lives today. And natural gas is one of the basic raw materials in the manufacture of these synthetic products. It is used, too, in many processing operations.

United Gas provides to the plants in this great and growing industry, and to all other industrial plants locating along its pipe lines, adequate, uninterrupted supplies of natural gas the year around... an important factor in attracting industry to any community.

He is the kitchen ste-  
ward and was a cook for a week.  
He plan on going to Phil-  
adelphia for two weeks of  
work in the mountains of  
Pennsylvania.

Charles F. Martin and  
family returned last Saturday  
from Lake Wilson, Minn., where  
they visited with her daughter,  
Don E. Bradshaw, who had  
been in a hospital at Lake  
Wilson. Mrs. Bradshaw has re-  
covered and is doing nicely.  
Her way home, Mrs. Mar-

ment each night.

Visitors of M&M C. F.  
and daughter were M&M  
Felschow and daughter,  
Mrs. of Houston.

The Devine Fire Department  
received a \$250 check from  
the County which was voted  
by the County Commission-  
ers, Hondo. The Devine  
Department is one of five  
departments in Medina County to  
receive the amount.

The city owned 1949 Chev-  
rolette truck was in a repair  
shop in San Antonio last week to  
have a gallon booster tank fixed  
which had rusted out and sprung  
leaks. Since then, the De-  
vines have been working on  
the truck in their spare time,  
and it is as good as new. It  
is back in operation soon.  
Mrs. Stella Oatman has  
moved home from a San An-  
tonio hospital, after suffering a  
stroke in June, her  
condition has steadily improved.  
Malone, Devine Postmaster,  
is on a two weeks vaca-  
tion starting last Monday. Mr.

PERSONAL APPEARANCE

By Jerry June Berger

All of Hondo will be happy to  
know that ARTHUR GALLUCCI,  
local school teacher who was  
stricken with bulbar polio Sun-  
day, July 22, is getting along just  
fine. Although he is still in a San  
Antonio hospital, GALLUCCI has  
even regained full use of his  
voice which he had temporarily  
lost.

He has been attending school  
at Trinity University this sum-  
mer taking a pre-law course and  
his fraternity has placed a TV  
set in his hospital room.

Hondo's other little polio vic-  
tim is progressing splendidly too.  
She is 5 1/2 year old KAY VANDER-  
BURG, daughter of M&M  
J. R. VANDERBURG. Hit with  
the disease on June 26, KAY spent  
nine days in a San Antonio hospi-  
tal and returned home with in-  
structions to get lots of exercise  
but avoid over exertion. Her  
mother says that KAY'S throat  
muscles were affected, which  
gives her a sort of nasal twang  
to her speech, but this also is  
improving and MRS. V. says they  
are feeling lucky indeed that her  
polio was no worse.

PA

While on the subject of parties,  
we'll mention just one more held  
this week. MRS HUGH MEYER  
baked and decorated three trays  
of cake squares in preparation  
for her young daughter's birth-  
day party held Monday after-  
noon. All exactly the same size,  
and iced in pink, the little squares  
held dainty candies shaped in  
wheel fashion — quite a time con-  
suming process.

But first to taste these was  
not the 6-year old honoree to be.  
CLARA, nor her 8-year old  
brother, HENRY, but it was  
their big Airdale dog, CHARLIE  
BOY. He was caught in the act  
just as he was cleaning up the  
last few crumbs on an entire  
tray! This big fellow has learned  
to open the screen door all by  
himself. Fortunately, the other  
two trays of cakes were rescued  
before he could get at them,  
and there were more than enough  
for the small guests.

PA

MRS. GERTRUDE ZERR re-  
ports that she experienced quite  
a thrill when her daughter, BOB-  
BE, (MRS. JOHN FOLEY) phoned  
her on her birthday last week.  
The FOLEYS are stationed in  
Scotland and she says they are  
very disgusted with the weather,  
which is cold, windy and wet. It  
is difficult to think of a place  
where they sometimes miss see-  
ing the sun for three weeks. Too  
bad we can't split the difference  
of their 50 degree temperature  
with our Texas 100.

Settlement News

By Miss Carmen J. Bayer

M&M H. H. Aldrich of South  
San Antonio, have announced the  
arrival of a daughter, July  
28. She is welcomed by three  
brothers and two sisters. Grand-  
parents are M&M Sam Tschir-  
hart of Castroville, and Mrs.  
Aldrich of California. Great-  
grandparents are Joe Wernette  
of Biry and Mrs. August Tschir-

# Teacher Problem Studied In Austin

AUSTIN, Tex. — Texas' critical teacher shortage and some reasons for it are spotlighted in two reports just released.

With school bells due to ring in a month, an estimated 7,615 teaching positions still are vacant in Texas, according to the Texas State Teachers Association. To fill these jobs only 1,310 teachers are known to be available.

This means six openings for each teacher wanting a job, said TSTA Executive Secretary Charles Tennyson. Almost 4,000 teachers left the profession last year. Apparent explanation for this wholesale snubbing of classroom posts came in statistics reported by Dr. Hob Gray of the University of Texas Teacher Placement Bureau.

This year's education graduates will average \$346 per month for nine months, said Dr. Gray. But the engineering-science graduate can expect \$431 per month all year.

Teachers with master's degrees do a little better, averaging \$358 monthly. But a master's degree in engineering or science commands an average salary of \$557.

Almost all University graduates go to schools paying more than state minimum requirements, said Dr. Gray. Highest school salaries in the state are at the West Texas oil town of Snyder. There the beginning minimum is \$4,000 for nine months, or \$445 monthly.

Less affluent districts have to scramble. University graduates can be quite choosy since demands for their services are exceptionally high. Ratio of jobs to graduates is 10 to one in all positions, 100 to one in mathematics and science.

### Court Upholds Union

Texas' controversial right-to-work law has lost another round in the courts. But champions of the law say the issue is far from being finally settled.

By a 6 to 3 decision the State Supreme Court upheld a closed shop contract between unions and Santa Fe Railway Co.

Texas law prohibits compulsory union membership, but a 1951 act of Congress authorized closed shops in the railway industry.

Atty. Gen. John Ben Shepherd, who had intervened on behalf of Texas law, predicted a motion for rehearing after the court reconvenes Oct. 3. "The full question of compulsory union membership is yet to be determined," said Shepherd. "Nor do I think the majority decision abrogates our right-to-work law."

Their decision, majority judges noted, paralleled a U. S. Supreme Court ruling in a similar case from Nebraska. Union shop contracts, said the Texas ruling, do not "compel full union membership, but only payment of union dues and assessments."

Dissenting judges spoke out against "Compulsory financial support of a private organization by those who do not subscribe to its program" as "the chief evil to be forever prohibited."

### Road Program

Plans to spend \$229,000,000 on building new roads in 1957 have been outlined by the Texas Highway Department.

In addition, \$35 million will be spent on maintenance. Through the federal aid bill, Uncle Sam will absorb \$117,000,000 of the \$294,000,000 total tab.

Motorists can look forward to smooth sailing on the roads planned under the new federal-state building program. Some 3,000 miles of modern expressways without cross traffic or railroad crossings are due in the near future, said State Highway Engineer DeWitt Greer. Many will be divided highways. Two-lane roads will be built so two more lanes can be added.

In anticipation of this flood of highway spending, road contractors are trying to get enough engineers and skilled laborers to do the work. Texas Highway Branch, Associated General Contractors, is considering two plans.

One is to grant scholarships at engineering colleges. Another is to set up a training school on heavy equipment at some university.

### More Integration

More integration in Texas public schools next year is predicted by the Texas Commission on Race Relations.

Austin headquarters of the anti-segregation commission said last week that 300,000 students in 71 districts attended wholly or partially integrated schools last year.

This meant that one in five of the state's 1 1/2 million students and one in 26 school districts were affected. None of these was located in the eastern quarter of the state nor in the major cities of Houston, Waco, Dallas and Fort Worth.

Ninety Negroes are expected to enroll with some 18,000 white students at the University of Texas this fall. Thirty will be freshmen who passed admission tests; 19 transfers from other colleges and about 40 returning graduate students.

This will be the first time for Negroes to attend the University's undergraduate schools.

### Vaccine Supply

In April, Texas had too little polio vaccine for too many people. Today the problem is reversed.

Despite the State Health Department's continuing campaign for wider use, Texas turned back 90 per cent of its most recent vaccine allocation. Lack of demand was given as the reason.

In Austin the county polio chapter chairman suggested Salk shots be made compulsory for school entrance, just as smallpox and diphtheria vaccines. School Board members promised to consider it at their meeting August 13.

**SHORT SNORTS** — Manufacturers will be asked to discontinue production of insecticides containing thallium sulphate, a State Health Department official reports. At least three children have died and dozens more have been hospitalized from thallium poisoning, said the announcement.

Texas will be asked to provide 687 men in September draft call, said State Selective Service Headquarters. At the same time draft boards will be asked for 1,140 men to take pre-induction physical and mental examinations. . . . Lower Rio Grande Valley farmers have ginned 149, 073 bales of cotton so far this year, compared with 138,915 for the same period in 1955, said the State Agriculture Department. . . . Texas has won two more civil suits for recovery of veterans' land funds. An Austin district court has just awarded the state judgments totaling \$97,611.00. . . . E. C. Nelson, senior engineer assistant at the State Health Department, resigned last week to enter private business. He is the second engineer to leave the department within the past month.

second row, Jack Hartung, Ernest Valenzuela, Charles Mussman, Eddie Miranda and Max Orta Sr.; third row, Max Orta Sr., Feets Shelton, Mrs. D. Notter and Dick Notter. The team suffered their first defeat in league action last week.

### Happier

By Barbara Hunt

If you've ever wondered how efficient you are as a homemaker, here's your chance to find out.

Test yourself by imagining how you'd make out if you were a candidate for the title of "Mrs. America."

Although charm, poise and personality count in the "Mrs. America" contest, it's the homemaker ability that really sways the opinion of the judges.

This year 49 of the nation's best homemakers — representing the various states and Hawaii — were sent to Elinor Village, Florida, to keep house and cook for a week in identical cottages, while judges watched their every move. Husbands went along but weren't allowed to help.

As a starter each homemaker was handed \$30 to buy groceries for 12 meals for herself and her husband. The housewife who won the Mrs. America crown at the end of the week — Mrs. Cleo Maletis of Portland, Oregon — spent only \$15 of her allowance. Could you shop as thriftily?

One cooking assignment was to create a "distinctly different" salad, main dish or dessert using cling peaches or fruit cocktail. Another was to make a refrigerated salad, refrigerated dessert or frozen dessert. Menus and recipes for each day had to be written out and turned in every morning. Dinner on the final day had to be prepared entirely from leftovers.

There were prizes for the best breakfast and best dinner served during the week. Mrs. Maletis placed second in the best dinner category. Her main dish was lamb pilaf, one of the Greek dishes which are her specialty. (And every good cook should have a specialty!)

A black walnut chiffon cake, baked by Mrs. Maletis, won top honors in a cake and pie baking contest. Cameramen visited Mrs. Maletis' villa to make movies while she was frosting her cake. The new Mrs. America wasn't perturbed by this invasion at a crucial moment. Her recipe, by the way, is a variation of the standard chiffon cake recipe. She omits lemon rind and adds one cup of finely chopped black walnuts.

There were sewing and ironing awards, too. If you can iron a

### Homemaking

man's shirt in seven minutes, you're on a par with the nation's best. The winning seamstresses shipped up charming aprons or similar small items in no time.

Contestants answered written quizzes on laundering, safe driving and civilian defense. Today's homemaker is supposed to be well versed in these subjects.

Everyone had to contribute a laundering tip useful in handling the family wash. Here's Mrs. Maletis' simple but effective tip. To keep track of her small children's tiny socks and to keep the socks from clinging to the side of the washer or even stopping up the drain, she puts all the socks together in a mesh bag for washing and drying.

In personal interviews, candidates were scored on their participation in family fun and in church and community activities.

Planning of work, storing of equipment and utensils, and efficiency in numerous other phases of housekeeping were observed and judged.

All in all, the woman who wins this contest proves conclusively her right to the title as the nation's best all-around homemaker.

### Dean...

(Continued From Page One)

Selling the paper did not end his connection with the paper, however.

During the past ten years, he has furnished a weekly column that is still coming regularly. He has just recently assumed the responsibility of working up the "Remember When" column from past issues of the Anvil Herald.

Six years connection with newspapers since the publication of his first article in 1896, including ownership and operation from April 20, 1900 to June 1, 1946, and a member of the editorial staff of the Anvil Herald for the past ten years is a hard-to-beat record.

If Fletcher Davis, some months past his 83rd year and still writing his weekly columns, is not now, peace to Judge Neville's ashes, "dean of working newspaper men" in Texas, who is and by what means does he establish his claim?

### Conservation News

## Conservation Plans Should Be Complete

Drought conditions still prevail in the Medina Valley Soil Conservation District, but it is not too late for farmers and ranchers to make basic conservation plans for their farms and ranches for future use.

The local Soil Conservation office, located over the Hondo National Bank in Hondo, has three farm planners who are ready to render their services at any time. These technicians will give technical advice to farmers in developing their basic conservation plan. All of this is free to farmers.

The idea of a conservation plan on farms and ranches may not mean much at this time. However, like any other business concern, farmers must plan the future or they may not fare so well in the coming years.

Conservation plans are a time program, to be carried through the years as it becomes feasible to the farmer. To about 170 farmers and ranchers of this district have basic conservation plans on their farms and ranches. There are 2,000 land owners in the district — only a small per cent have conservation plans to help them in future years.

Of course, we all know we need plans on our farms and ranches but just haven't gotten around to the job of planning. It is human nature to put things until tomorrow. However, need for basic conservation is now, so how about us making a basic conservation plan for your farm or ranch.

Being so far away from the District in terms of miles have come to depend on the paper although there were I must admit, when I was all sure I could find the time to write it. This, certainly, eight hour day, five day job. To do the sort of job needs to be done and the job that each of you has right to expect takes just all my time and energy.

But while the job is a demanding one, it is also interesting and challenging. I hope that you continue to help me meet the challenge by giving me the fit of your views and your aid. I look forward to visiting the District this fall, and if convenient, come by and see me in Allen.

Just having answered every roll call is not, in itself, of paramount consideration. But, of real importance, I hope that my voting record has reflected the spirit and philosophy of the people of the 15th District of Texas. I envision our area of South Texas as one of progress, growth and opportunity, sparked by some of the remaining, priceless spirit of the West, the boldness that caused men and women to push the frontier ever westward, and yet tempered with an abiding appreciation of the fundamentals of self-reliance and recognition of the soundness and stability of our constitutional form of government.

Sure, we have droughts, our floods, our hurricanes and other forms of adversity, some quite severe, but through it all, ours is a good place to live and work.

**MRS. KILGORE**, the boys and I plan to leave Washington for home about the middle of the week or just as soon as I can wind up the many things still hanging fire here. On arriving home, however, my travels won't be over for a bit. After settling the family, I will turn right around and head for the Democratic National Convention at Chicago. I plan to open the District office at 801 Quince in McAllen on my return from Chicago sometime in late August. THIS WILL BE the last newsletter I will write this year, although I will issue news releases

**G. P. ABLER**, Hondo Air Base instructor, gives pre-flight instruction to Lt. C. R. Pribicevich, before taking off on trial runs. Hondo Air Base gives each student five to eight hours training in

the T-28 and eight to twelve hours training in the T-34 before the student is allowed to solo. Students put in approximately seven hours of flying time each week.

# PAGING THE LADIES

## Miss Nehr Honored During Saturday Evening Shower

D'HANIS — Miss Jacqueline Nehr, whose marriage to Airman First Class Claude Davidson will take place Aug. 4, was honored with a miscellaneous shower-tea in the home of Mrs. Joe J. Rieber Saturday evening, July 28, from 7 to 9.

Receiving with the honoree were Mrs. Rieber, Mrs. Henry Nehr, mother of the honoree, Mrs. Jay Langdon, her cousin, and Mrs. August E. Saathoff, her grandmother.

Miss Dorene Nehr, sister of the honoree, registered the 100 guests in a white satin guest book, made by Mrs. M. L. Erley.

A miniature bride and her attendants adorned the piano, while seasonal flowers decorated the reception suite and gift rooms where Mrs. J. P. Ephraim, Mrs. Herman Vogel, Mrs. Raymond Wolff, Mrs. Armin Rothe, Mrs. Otis Laughinghouse and Mrs. John Earl Boon received.

An all-over cloth over blue covered the tea table. The centerpiece of blue and white carnations in a crystal basket was

flanked by white candles in crystal holders. Miss Bonnie Jean Thornberry served cake and Miss Judy Slavik the fruit punch. Salted nuts completed the refreshments.

Other hostesses included Mrs. Henry Vogel, Mrs. Theodore Barnes, Mrs. Bruno Schweers, Mrs. Nehr, Mrs. Menno Ham, Mrs. Joe Filling, Mrs. Curtis Long, Mrs. F. I. Anderson, Mrs. Bobby Cox, Mrs. Pat McGraw, Mrs. Carlton Click, Misses Margaret Mueller, Bernice Lutz, and Theresa Nehr.

Miss Nehr's dress was of white silk pongee, printed in yellow and bronze flowers. Her wrist corsage was of white carnations.

Mrs. Rieber's black linen sheath was accented with heavy white lace flowers. Her shoulder corsage was of white carnations. Mrs. Nehr wore light blue cotton lace. Mrs. Langdon was in powder blue linen with white trim, and Mrs. Saathoff wore a dress of light blue lace. Their corsages of white carnations were worn on the shoulder.

## Harvey-Jones Rites Held At Kingsville Saturday

Miss Yvonne Harvey became the bride of Don E. Jones at St. Gertrude's Catholic Church, Kingsville, Saturday, July 28. The bride is the daughter of Mr. and Mrs. J. G. Harvey of Kingsville.

Given in marriage by her father, the bride wore a ballerina length dress of white nylon lace over taffeta, long tapered gloves and a picture hat. She carried a bouquet of white daisies.

Miss Phyllis Jungman of Kingsville was maid of honor. Her dress was of lace over blue taffeta and she wore a hat of matching lace and carried a bouquet of daisies.

Douglas Harvey, brother of the bride, was best man. Ushers were Elmer Jones and B. H. Jungman.

A reception, immediately fol-

lowing the ceremony, was held in the bride's home. Miss Annette Hitzfelder had charge of the bride's book.

Following a wedding trip, the couple will be at home at Kingsville, where the groom is employed.

Out-of-town guests were grandparents, Mr. and Mrs. Alfred Keller, Alfred Jr. and Miss Annette Hitzfelder of LaCoste; Mrs. Lillie Holt, Robert and Judy of San Antonio; Walter Harvey, Del Rio; Mr. and Mrs. Louis Luckenbach, Luling; Mr. and Mrs. Harry Brutto and Mrs. Hans Hanson of Falfurrias;

Mrs. C. B. Harvey and Susan and Margaret Farrell of Calallen; Mr. and Mrs. Gus Boggan of Reveira; Mr. and Mrs. Lee McFarland and Mr. and Mrs. Jerry Bennett and Cindy of See-ligson Camp.

By Thelma Lynch

A native of Hondo, Miss Thelma Lynch, local fourth grade school teacher, says she has been cooking ever since she can remember.

"Most children stood on boxes to wash dishes," Miss Lynch said, "But I stood on a box to cook!"

She has taught school for the past 20 years, most of the time here in Hondo. Holder of both a bachelor and masters degree, Miss Lynch majored in foods and elementary education. She received her bachelor degree at Sul Ross and her masters at St. Mary's.

A member of St. David's Episcopal Church, the Episcopal Mission, Business and Professional Women's Club, Delta Kappa Gamma and the Eastern Star, she says collecting recipes is a hobby. Cooking is a hobby and mandatory, Miss Lynch said.

She lives with her mother at 2001 19th St.

**Salmon Mold**  
1 envelope Knox Gelatine  
3/4 cup cold water  
2 egg yolks  
1 tsp. salt  
1 1/2 T melted butter  
3/4 cup milk  
2 1/2 T mild vinegar or lemon juice  
2 cups canned salmon, tuna  
fis hor crab  
1 tsp. mustard  
1/4 tsp. paprika  
Mix egg yolks, slightly beaten with salt, mustard and paprika. Then add butter, milk and vinegar. Cook over boiling water, stirring constantly, until mix thickens. Pour cold water in bowl and sprinkle gelatin on top of water. Add softened gelatin to hot mixture and stir until dissolved.  
Then, add salmon, separated into flakes.  
**Cucumber Sauce**  
Beat 1/2 cup cream until stiff

**DOROTHY BLINKA** strikes a pose for the cameraman, as Judy Brieten, center, and Sara Moore, left, take a dip in Hondo Air Base's swimming pool. With temperatures soaring above the

100 mark every day, the local pool is always filled. The weatherman says he doesn't see a change for present weather conditions within the next week or so.

## Frances Zerr Honored With Shower-Tea

A miscellaneous shower and tea honoring Miss Frances Zerr, bride-elect of Lt. Leo M. Danne-miller, was given in the home of Mrs. Harley Eckhart July 29 from 4 - 6 p.m.

In the receiving line were Mrs. Eckhart, Miss Zerr, the latter's mother, Mrs. Arnold Zerr, and her grandmother, Mrs. Ben Zerr.

Miss Sandra Meyer registered the guests, which numbered about 75.

A cut-work linen cloth covered the tea table where an arrangement of yellow chrysanthemums and white candles formed the centerpiece. Canna leaves and daisies adorned the buffet, and on the mantel-piece was an assortment of colorful caladiums. Evergreens and a variety of flowers were used in the reception hall and gift rooms.

Fruit punch, cake, and salted nuts were served alternately by Misses Nelda Muennink, Mary Frances Ulbrich, Barbara Braden, and Carol Ann Roth.

Additional hostesses included Mrs. Ben Koch, Mrs. Eric Rothe, Mrs. A. J. Finger, Mrs. A. H. Finger, Mrs. Don Scott, Mrs. Maurice Koch, Mrs. Tom Wall, Mrs. Lester Zerr, Mrs. S. J. Zerr, Mrs. William Zerr, Mrs. John Tondre, Mrs. James Finger, Mrs. Ferd Rock Jr., Mrs. W. F. Braden, Mrs. G. P. Chapman, Mrs. R. J. Graff Jr., Mrs. Roland Eckhart and Miss Shirley Braden.

Miss Zerr's emerald green satin formal had a wide tulle ruffle at the hem of her bouffant skirt. Her corsage was of white carnations. Mrs. Eckhart in brown and white polka dot silk and Mrs. Zerr in gray linen with heavy lace trim, both wore pink carnations.

## Shower Given Mrs. Calk In SA Home

Mrs. Benjamin Calk was complimented with a surprise pink and blue shower June 23, in the home of Mr. and Mrs. Leo Weber, San Antonio.

She was presented a red carnation corsage and many nice gifts. Games were played and prizes awarded.

Hostesses served salted nuts, mints, punch, ice cream and cake, which was decorated in green and yellow.

Mrs. Calk is the former Viola Wiemers.

## H. D. CLUB DOINGS

The Rio Medina Home Demonstration Club met with Mrs. Fred Jagge July 26. Nine members answered roll call by telling their favorite Salad.

The Demonstration was in making "Special Texas Burgers." They were stuffed hamburger patties with onion, cheese and tomatoes. The hostess served them to each with cake and iced tea.

Pitching rubber horseshoes was played and winners received prizes.

The next meeting will be with Mrs. Roy Dailey Sept. 20.

## Edwards Supplies This Area

The Edwards and associated limestones in the vicinity of San Antonio, Texas form a highly productive aquifer which supplies major water demands in the area. It yields about 55,000 acre-feet of water for each foot of water-level decline in a key observation well, according to a Geological Survey report released today by Secretary of the Interior Douglas McKay.

Water levels in wells penetrating the aquifer have declined to new lows during the present drought. Estimates of recharge and discharge show that the recharge to the aquifer has exceeded the discharge in only three years during the 20-year period 1934-53.

The report, "Ground-water resources of the San Antonio area, Texas," by B. M. Pettit and W. O. George, is a progress report on current studies and was prepared in cooperation with the Texas Board of Water Engineers and the city of San Antonio. It contains data on recharge to and discharge from the aquifer and on the quality and temperature of the water. Records of wells, water-level measurements, stream flow, chemical analyses, and precipitation in Kinney, Uvalde, Medina, Bexar, Comal and Hays Counties are included in the report.

This report has been published and is now available for distribution to the public upon request to the Texas Board of Water Engineers, 1410 Lavaca, or the United States Geological Survey, Ground Water Branch, 302 West 15th Street, Austin, Texas.

## This Week --In Washington

By Clinton Davidson

You have heard it said "there are too many farmers." We've even seen the statement attributed to the head of one of the large farm organizations. What are the facts?

The truth is we are in the midst of an agricultural evolution, an evolution from horse and man—power to an ear of mechanization, to machines that can do the work of many men and horses.

We have not yet learned to use the greatly increased production that results from mechanization, improved crop and livestock strains and hybrids. The need is not to produce less, but to consume more.

Washington talks much about "the small farmer" and wonders what to do about him. Most of the plans we've seen propose that he be told to get out of farming and look for a job in the cities.

Farming has become a part-time job for nearly one-third of all people living on farms. Production controls have rationed poverty on millions of farms. Acreage allotments have reduced the amount of land even small farmers can cultivate.

That, coupled with low prices and high production costs, last year forced more than a million farmers to earn at least half of their cash income from non-farm jobs.

All that is needed on farms today is equality of opportunity, the opportunity to produce abundantly and market at fair prices. In cities labor unions demand that as their right. There are no production controls imposed on factories by the government.

What's wrong? Why have farms suffered while city industries prosper? Why is the income of the average farmer only about half of that of the average city worker? Too many farmers?

If a factory worker loses his job, he gets an unemployment check from the government, and they call that social security. If a farmer loses his crop, or is forced to sell his produce below cost, that's just his hard luck. If the government helps him, they call it subsidy, and that is a nasty word.

The people in this country will have \$400 billion dollars to spend this year. That's the national income, and it is the most we've ever had. Farmers will get about \$30 billion of that, but they'll keep only about \$10 billion for living expenses after paying \$20 billion in production costs.

If we want more of that \$400 billion, and we do, we must do a better job than we have yet on advertising, promoting and selling our farm products. Manufacturers spend billions to persuade people to buy more automobiles, more and better homes, and all sorts of other products.

The result has been that city workers spend a larger proportion of their income for manufactured goods and a smaller proportion for food than ever before. We can create more jobs, and higher income, on farms only if we tell consumers the facts—that good food is the best buy they can make.

### Three Devine Persons Killed In Car Wreck

By Mrs. Harrison Wilson

Three Devine persons were killed and three others taken to a Pleasanton hospital in serious condition following an automobile accident north of Pleasanton last Friday.

Dead were Mrs. Alfred Finto, 37, Evelyn Finto, 15, and Mrs. Annie Finto, 81. In serious condition in Pleasanton is Mr. Finto, Miss Mattie Finto and William Finto, 11 year old son of Finto. William has been reported as improving.

Funeral services were held Sunday afternoon in Pleasanton for the deceased.

Mrs. Alfred Finto is a sister of Mrs. John Harding of Yancey. Mrs. Harvey Collard and daughter, Mrs. Neoma Willis and three small sons of San Angelo are visiting Mrs. Collard's brother, John Harding, and Mrs. Harding.

M&M Frank Hartman and John Charles, spent several days last week with her father. Coming home, they were struck by a large truck, tearing off a fender, but no one was injured.

Clayton Draper of Austin, spent one night last week with his sister, Mrs. W. S. Garnett, and Mr. Garnett.

M&M E. T. Wiemers spent a few days in San Antonio with their daughter and family, the Wayman McAnellys, last week. Jan Marie has arrived to make her home with M&M Joe Lee Nixon. Grandparents are Mrs. Henry Neill Pearsall and M&M Philip Nixon.

Alfred Wiemers and Preston Boggus went fishing for several days last week at Granite Shoals.

Miss Dora Mae Wilson spent Friday and Saturday in San Antonio.

M&M George Heilgman returned from a 10-day trip to California last week, where they visited their daughter and family, M&M Tom McDonough, in Los Angeles. They visited Mrs. Ida Duncan in San Diego, J. D. Morris in Pasadena, M&M McFarland in Hemitt, and the August Bohmfalk family in Hemitt.

They especially enjoyed their visit with M&M August Bohmfalk and Lucille, and M&M Arthur Bohmfalk and family. Besides being old friends, they had the time of their lives picking and eating fresh apricots and

other fruit on the Bohmfalk farm.

They attended church Saturday morning at Lasiera College. This church has a regular attendance of 2,000, but George took a chance and asked the usher if he knew the Alexander family. He said they were his in-laws and would find them for him after the service.

M&M Fred Alexander are from Keene and were visiting their children there, planning a family picnic after the service at Corona Park. The Heilgmans and M&M McDonough went with them.

Those attending the picnic with the family were the Heilgmans, the McDonoughs, M&M Doris Alexander and son and M&M Buster Alexander and family.

M&M Byron Alexander and family, Mrs. Orvil Holder and family, the former Flora Alexander and family (her husband was the usher at the church), M&M Fred Alexander of Keene, M&M Barnett McCoughan and family, M&M Leroy McCoughan and Jim, of San Antonio and Mrs. E. E. Wilson, Yancey, Mrs. Ellison and the Leroy McCoughans were visiting their sister and family, the Buster Alexanders and the Barnett McCoughans at the time.

### Confused "Sit"-uation

Been meaning all week to tell you about Curley Lawson's "baby-sitting" experience.

His Mrs. left him in charge, about seven p.m., with instructions not to let the children come downstairs. So Curley read his paper and whenever he heard footsteps on the staircase he ordered the culprit back to bed. Happened three or four times.

Little while later, Mrs. Miller from next door came over to inquire if Curley had seen her Sonny. "Here I am, Mom" came a voice from upstairs, "But Mr.

(It's a great time to buy a Buick!)

Buick Century 6-Passenger 4-Door Riviera

WANT TO KNOW how to beat the calendar? Then come drive a 1956 Buick—and get something you'll get nowhere else. It's a new kind of blazing performance that breaks with the past and brings you today what other cars may offer in the future. Only Buick, of all the world's automobiles, has Variable Pitch Dynaflo\*—the one transmission which takes its cue from the variable pitch propellers of modern aircraft.

So here you get an exhilarating response from the first inch of pedal travel—and with absolutely no pauses or lags—and with

the better gas mileage this low throttle range can provide.

Only here can you switch the pitch by flooring the pedal for a soaring burst of full power when safety demands it.

And only here can you have such years-ahead performance with the smart new beauty of Buick's sweep-ahead styling—with the new sweetness of Buick's great new ride—with the superb new surety of Buick's precise new handling.

What does all this add up to for you? Just this: You couldn't pick a better time than right now to make a great buy on all this new Buick bounty. It's only midsummer—with your present car at its peak trade-in value. And our prices today are sweet enough to help keep Buick outselling all other cars in America except two of the well-known smaller cars. So drop in on us today—or this week, at the latest—and we'll start things rolling for you in a great big way.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

**Fair-Time Comes To Texas During Late Summer, Fall**  
Fair-time in Texas is once again at hand. Community leaders in all parts of the state are making plans for the dozens of fairs and festivals that will be staged in late summer and early fall. Culminating the series of celebrations, of course, will be the State Fair of Texas at Dallas, Oct. 6-21, the nation's largest annual exposition in terms of attendance. Fairs are one of the best indications of the progressiveness and civic spirit of a community. They are good for business and deserve to be supported by businessmen, farmers, merchants and all other residents. Texas fairs, like most others, carry a heavy emphasis on livestock and agriculture. They all have one important factor in common — they are all working to improve Texas' agriculture and livestock industry and to improve living conditions generally by building up the state. Fairs are for fun and entertainment too. A wide range of entertainment will be presented — ranging from the carnal side-shows to "Damn Yankees," the Broadway musical which will be offered at the State Fair. Another important place on the programs of most Texas fairs is occupied by the traditional competition in the homemaking skills, such as needlework and foods preparation. Regardless of size, a good fair is of great value to any city or town, serving as a stimulus to trade and a unifying medium, providing wholesome recreation and serving to inspire pride in the achievements of the individual, the group and the region.

**Our Vacation Trip**  
By Mrs. Clarence Huegele  
On the morning of July 4, my husband, Clarence, and two sons, Colvern and Morgan, and myself, took the route by Helotes, Bandera, Medina City, over winding roads to a mountain called Eagles Nest, near Kerrville.  
We passed through Kerrville, to Ingram, where we turned onto Highway 39, and drove along the Guadalupe River. This is a beautiful drive and we crossed the river 20 or more times — so it seems.  
We then turned left onto Highway 83, through Leaky to Garner Park, where we ate our fried chicken lunch I had packed.  
We talked to people from as far as Corpus Christi while there.  
After looking around and taking a few pictures, we drove through ConCan on Highway 12 to Sabinal through Hondo and on to our home above Rio Medina.  
We packed our car late that evening for our trip to Corpus Christi the next morning.  
Leaving for Corpus Christi at 5:25 a.m., we took the route through Lytle, Poteet and Pleasanton, where we stopped and ate breakfast. We then took Highway 181, later turning on Highway 91 to Corpus Christi.  
After arriving in Corpus Christi, we checked in at a hotel and went swimming.  
We didn't do too much during the day — except to lay around, sleep, read and listen to the radio. We again went swimming, took pictures and then ate. Later, we went walking, then to the amusement park, back home and sat on the upstairs porch watching people swim until as late as 12 p.m.  
We returned home via Highway 281, through the towns of Taft, Sinton, Skidmore, Beeville, Pettus, Kennedy, Karnes City, Floresville and San Antonio, where we stopped for lunch.  
Following the trip, we decided to go to Corpus Christi again in about a month. There were some nice crops along both Highway 181 and 281, with lots of maize and cotton at Floresville.  
We found watermelons for as low as three cents a piece in some places. We saw all types of combines traveling along the highways. From ConCan to Sabinal, it had rained five inches and water was standing in the fields. Roads were under repair from the hard rain and creeks were running swiftly.  
I guess that's about it — except to say vacations are never long enough!

# SPEAKING OF SPORTS

By Dr. John H. Jennings

## Fourth Place Battle

Hwy. 90 finds itself in a fourth place dog fight as Hondo and Rio Medina are deadlocked while D'Hanis is one length ahead in the loss column. D'Hanis has yet to play Castroville. Rio has LaCoste and Hondo has the toughest row to hoe as it must dispose of both Castroville and LaCoste.

However, the Braves are the hottest thing in the league at present. . . the boys are hitting well and with Taylor on the mound you just do not expect the opposition to get far in the run column.

Rio kept alive in fourth place by getting past D'Hanis 5 to 4 in a fine ball game.

## Braves Win Two

The Braves continued their winning ways last weekend disposing of the San Antonio Oilers 8 to 7 Saturday night and then 19-2 over Quihi Sunday.

The Oilers game was a real crowd pleaser as the colored Oilers of San Antonio provided entertainment along with their baseball.

The Braves were trailing 6 to 2, going into the sixth, when H. Finger hopped on a change-up pitch for a home run and his mates woke up for three more runs to tie the score. The Oilers made the score 7 to 6 in the seventh and then H. Finger again came through this time with a two run single in the eighth that provided the victory.

The Oilers made a big threat in the ninth as the lead-off hitter got a triple when Jim Rogers made a good college try for a catch. . . the runner was thrown out at home a few plays later and Blanton Taylor bore down to get the final two outs by strike out. Taylor worked the final six innings and had things well in control.

The game Sunday was a bit easier as Harold Schweers pitched the first six innings and Merle Wiemers the final three innings. Shortstop Johnny Marshall and first baseman Glenn Schweers came through with home runs to spice the Braves attack.

## Junior League Thriller

The Red-Birds, managed by Ralph Jones, Jack Compton and C. T. Woods, and the Pirates, managed by Maurice Zerr, Everett Vincent and Jimmy Gray, found themselves in a real thriller last week as they battled 14 innings to a 2-2 tie as darkness

set in. Miller Grant and Charles Neuman made it an old fashioned pitching battle as each gave up four hits, but here is the real story. . . Neuman struck out 34 men with his fast ball and Grant accounted for 31 strikeouts with an uncanny accurate curve ball! Now beat that if you will. . . 65 strike outs in one ball game!

The Senior League All-Stars lost a 4 to 3 game to Sabinal last Friday in an extra-curricular contest.

## Nashville Gains Holmig

The San Antonio Missions in need of pitching help, sold one of their leading hitters, Stan Holmig, to Nashville of the Southern Association. It was a bit of a blow to Hondo fans and to Stan. . . he was a bit undecided about packing his bag as so many of the pro players have to do, but the likable Stan found the move had its benefits and is now most happy over the turn of events. Nashville is in fourth place in its league, just like the Missions, and Stan should be a big asset to them.

## Football Muennink Trains

Jerry Muennink is busy these days getting his wind and legs in shape for the Texas Coaching School North-South All-Star football game to be run off on Aug. 10. Jerry is one of very few from this area ever to be chosen for this honor, and should be a fine representative. All he need do is play his usual game and the coaches will think well of him. Muennink leaves Saturday night and this will only give the boys about four days to get ready for each other. . . not much time, but these boys are up on their football and learn fast.

## Junior Golf Results

The Junior Golf Tournament was a good beginning to better things last week. Johnny Meyer came off with the Trophy, which was engraved as follows: "HAB Golf Course 1956 Junior Champion". Billy Hardy was second for \$3.25 and John Hartman third for \$2.25, both in merchandise.

The best gross score was posted by Billy Potosvitch with an 89, Johnny Meyer second with 91, third was Cliff Sadler with 92, and fourth was Richard Woodrum with 95.

Here are the results:

## Scott Four some Sunday

Male and female golfers will team up for a Scott Four some this Sunday afternoon. This is where a man and his lady partner take alternate swings playing the same ball. They draw for partners. . . it provides a lot of fun. . . and to add spice to it a covered dish dinner will go with it this time. So, in case a gal golfer is not so hot with her golfclub maybe she can make up for it with a wedge of apple pie!

About 18 local golfers entered the Sweepstakes tournament in Del Rio last Sunday. . . and a harder course is difficult to find. All had an enjoyable day of golf though, the only local golfer to come in the money was Jennings, on the third place team. There were about 200 entered, and Joe Mitchell hopes for a large turnout at the HAB course when he holds the Sweepstakes here in the latter part of August.
